Abstract

- Completed a 15-day Cloud Computing internship at Trios Technologies Private Limited, Chennai, from 08 June to 22 June 2026.
- Learned cloud service models, virtualisation, storage, networking, identity and access management, monitoring and cloud pricing.
- Started the mini project CloudPulse: a cloud cost monitoring and optimisation platform for Microsoft Azure.
- CloudPulse finds wasted cloud spend, assigns each problem to its creator and proves every saving on the next bill.
- Built with Python, FastAPI, SQLAlchemy, JavaScript, Azure CLI, Docker and Git; validated by 27 automated tests.
- Improved cloud knowledge, secure design, testing and documentation skills.

About the Company – Trios Technologies Private Limited

- Trios Technologies Private Limited (Trios Technologies Pvt. Ltd.) is located at Rani Arcade, Ashok Nagar, Chennai - 83.
- Tagline: “We There Wherever The Technology Is”.
- Website: www.triostechnology.com | E-mail: support@triostechnology.com | Phone: 044 4854 0077.
- Internship domain: Cloud Computing.
- Industry mentor: Ms. Kalaiyarasi S.
- *[Add 1-2 lines on the company's business and services from its website]*

Plan of Internship

- **08 Jun – 14 Jun:** Orientation; cloud service and deployment models, virtualisation and compute, storage, networking, identity and access management; defining the problem of wasted cloud spend.

- **15 Jun – 22 Jun:** Governance, monitoring, cloud pricing and FinOps; architecture planning and the first version of CloudPulse with read-only Azure access and waste detection.

- **Final review:** Reviewed the work, organised notes and project files, and received the internship completion letter.

Training Task and Outcomes

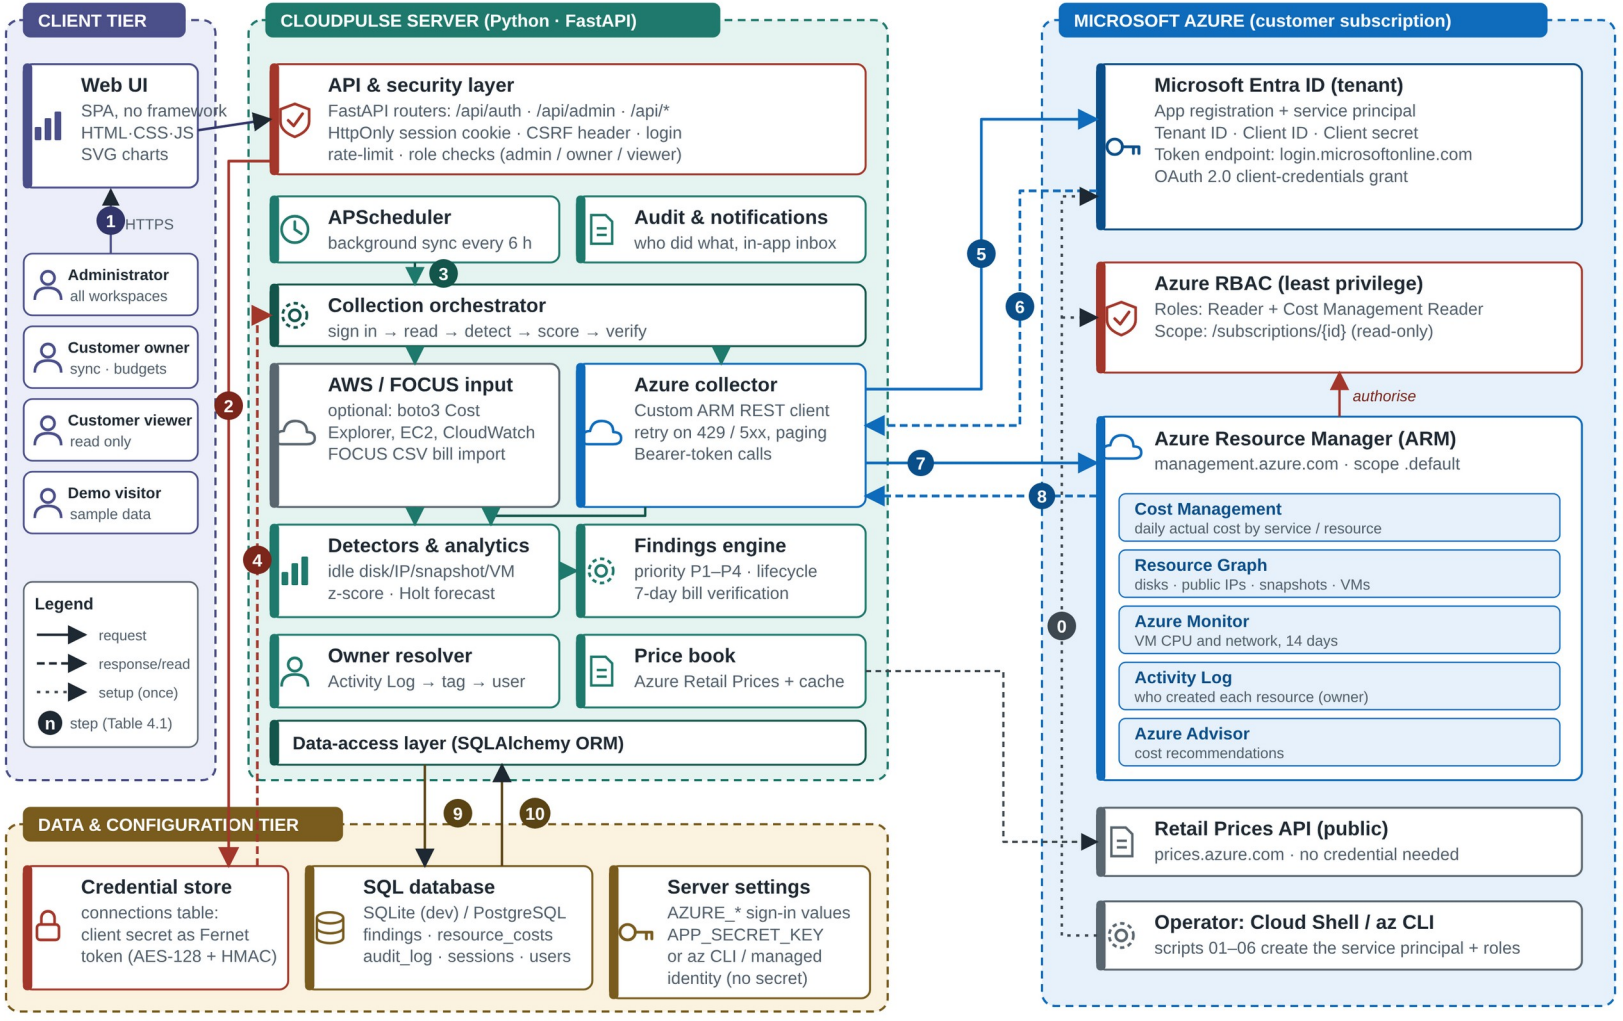

- **Project:** CloudPulse – Cloud Cost Monitoring and Optimisation Platform for Microsoft Azure.
- **Features:** idle disk, IP, snapshot and VM detection; spend anomalies; budget forecast; owner from Activity Log; P1–P4 priority; savings verified on the bill.
- **Cloud concepts applied:** VMs and power states, storage, networking, IAM and RBAC, monitoring, pricing and FinOps, security, automation.
- **Outcome:** working application with 27 automated tests; demo reported $262.94/month open waste and $33.44/month verified savings.
- **Skills:** Python, FastAPI, Azure CLI, REST APIs, Docker, Git, testing.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Project Results

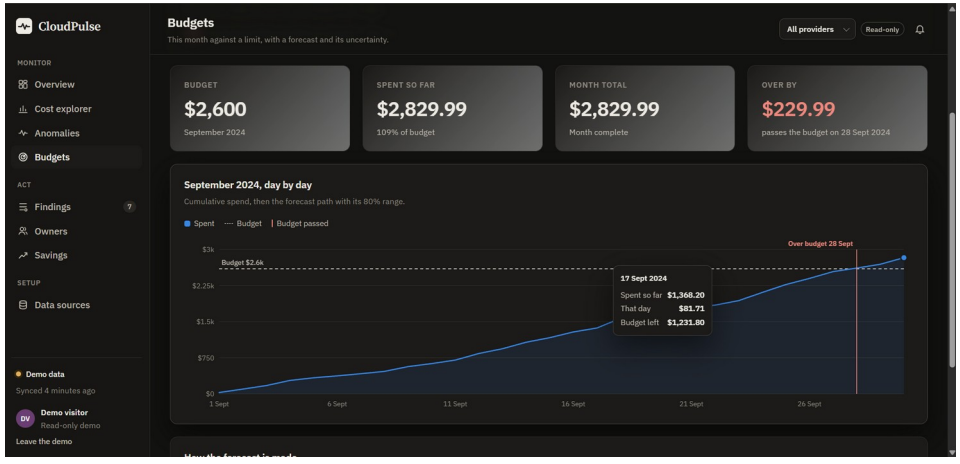

Overview: $2,829.99 spend; $262.94/month to fix; $33.44/month verified

Cost explorer: 80 services; daily average $94.33

Anomalies: 24 Sep flagged ($169.26 vs usual $73.55)

Budgets: $2,600 budget passed on 28 Sep

Conclusion

- Gained practical exposure to cloud computing concepts during the internship.
- Started and developed CloudPulse, a read-only Azure cost monitoring and optimisation platform.
- Learned how cloud resources are billed, secured and monitored, and how to prove a saving on the bill.
- Improved Python, REST API, testing, documentation and problem-solving skills.
- Next: Entra ID sign-in, e-mail and Teams alerts, Google Cloud support and approval-gated remediation.
- Thank you to Ms. Kalaiyarasi S, my faculty guides Ms. Gokila E and Dr. Uma Mageshwari G, and Trios Technologies Private Limited for their guidance and support.

Internship Certificate

TRIOS TECHNOLOGIES PVT LTD

We There Wherever The Technology Is

INTERNSHIP COMPLETION LETTER

This is to certify that **Mr. TAMIL MANI B.**, a student of **R.M.K. College of Engineering and Technology**, pursuing **B.E.** in **Computer Science and Engineering.**, has successfully completed his internship at **Trios Technologies Pvt. Ltd.** in the domain of **CLOUD COMPUTING**. The internship was carried out from **08th June 2026 to 22th June 2026**. During this period, he gained practical exposure to cloud computing concepts and demonstrated a sincere interest in learning, along with a professional approach to the assigned tasks.

Throughout the internship, his performance was found to be satisfactory, and he exhibited a positive attitude, discipline, and commitment to his work.

We appreciate his efforts and wish him continued success in his future academic and professional endeavors.
